

Leeds Beer, Cider and Perry Festival 2010

The Beer List

The following beers have been ordered for the Festival.

This does not mean that all beers will be available at every session. Some will sell out early, some will not arrive, some will need time before they are ready to be sold. We do not ration beer; if you particularly want a beer, come early.

Beers with the name in *italics* are competition winners or other new beers for which we currently have no name. If the ABV is blank, we do not currently know.

This list was correct on 9th March 2010.
